What You Pay For

These are the only charges applied directly by EC Markets on CFDs. All charges are transparent and, where applicable, are displayed within the trading platform before you place a trade.

Charge	Rate	Description
Custody Fee	**Free**	CFDs do not involve ownership of the underlying asset. EC Markets does not charge a custody or safekeeping fee for holding open positions.
Spread	**Variable**	The difference between the buy and sell price. Spreads vary depending on the instrument, market conditions, liquidity and trading hours.
Overnight Financing	**Benchmark Rate ± 2.50% p.a.**	Applied to positions held overnight. The financing adjustment depends on the instrument and whether the position is long or short.
Currency Conversion	**0.50%**	A 0.50% currency conversion fee is applied when realised profits or losses are converted into your account's base currency. This charge only applies where a currency conversion is required.

Margin Rates

Leverage allows you to control a larger position with a smaller initial margin. Higher leverage increases both potential gains and potential losses.
